DATE: November 12, 2025

NOTES TO FINANCIAL STATEMENTS

* The financial statements have been prepared in accordance with the accounting standards generally accepted in the Philippines.

* The same accounting policies and methods of computation have been consistently followed in the interim financial statements and are consistent with those used in the most recent annual financial statements.

* No Dividends were declared in the first nine months of 2025. The last cash dividend amounting to Php 0.0027 per share was paid out on August 30, 2023, with record date at August 04, 2023.

* In the normal course of operations of the company, commitments, guarantees and contingent liabilities may arise but are not reflected in the accompanying financial statements. However, it is the opinion of the company that losses, if any, from these items will not have any material effect on the financial statements.

* For the current interim period, no unusual changes occurred that may affect the company's assets, liabilities, equity, net income or cash flows.

* There were no changes in estimates of amounts reported in prior interim periods of the current financial year that will have a material effect in the current interim period.

* No issuances, repurchases, repayments of debts and equity securities were made during the interim period.

* There were no material events subsequent to the end of the interim period that have not been reflected in the financial statements for the interim period.

* There were no changes in the company's composition during the interim period, including business combinations, acquisition or disposal of subsidiaries and long-term investments, restructurings and discontinuing operations.

* There were no changes in contingent liabilities or contingent assets since the last annual balance sheet.

* There are no known events that will trigger direct or contingent financial obligation that is material to the company, including any default or acceleration of an obligation.

* There are no material off-balance sheet transactions, arrangements, obligations (including contingent obligations), and other relationships of the company with unconsolidated entities or other persons created during the reporting period.

* There are no material commitments for capital expenditures.

- * The Company has no investments in foreign securities.
- * There are no known trends, demands, commitments, events or uncertainties that will have a material impact on the liquidity of the company.
- * The Company's financial condition and operating results would not be materially affected by the current global condition, particularly on currency, interest, credit and liquidity risks.

Currency Risk

The Company's risk exposure to foreign currency fluctuations is nil since no commercial or sales transactions nor recognized assets or liabilities are denominated in any foreign currency. Any fluctuation thus will not affect the company's financial position.

Interest Rate Risk

The primary source of the Company's interest rate risk relates to debt instruments but its current no debt financial position provides the company with sufficient shield from interest rate changes.

Credit Risk

The Company's credit risk is mainly centered on installment receivables. The company maintains a defined credit policies and continuously monitor its exposure to credit risks. The company's policy of effecting registration of transfer of ownership only upon full payment effectively minimizes its credit risk.

Liquidity Risk

The company manages its liquidity position with the end view of insuring its operating needs. Liquid assets include cash and cash equivalents and contract receivables. An efficient collection of contract receivables will effectively counter any liquidity risk and manage short-term obligations.

* The Company's top key performance indicators are as follows:

1. Sales Volume Growth

Measures the percentage change in sales volume over a specific period of time. Sales volume growth is regularly monitored based on project location and classification. No Real estate sales was reported in the 3rd quarter as compared with Php 39.291 M in real estate sales recorded during the 2nd quarter of the year 2025.

2. Revenue Growth

Measures the percentage change in revenues over a specific period of time. Revenue growth is regularly monitored based on all sources of revenues. Total revenues for the quarter totaled to Php 50.840 M., from the Php 78.831 M earned during the previous quarter.

3. Realized Gross Profit on Sales

Measures the amount of profit derived from sales over a specific period of time. It is the amount of real estate sales less cost of development. Since no sales was consummated, no realized gross profit on sales was made as compared with Php 26.741 M in the 2nd quarter of 2025.

4. Operating Margin

Measures general expenditures and operating efficiency. It is the ratio of operating income to sales. An operating loss of Php 69.067 M was incurred for the 3rd quarter, as against an operating loss of Php 10.661 M incurred in the 2nd quarter.

5. Asset Growth

Measures the percentage change in Total assets over a specific period of time. Total Assets registered very minimal change, from Php 5,366.353 M as of the end of the second quarter of 2025 to Php 5,374.102 M as of the end of the first nine months of 2025.

MANAGEMENT DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULT OF OPERATIONS

Result of Operations

Nine months ended Sept. 30, 2025 compared to nine months ended Sept. 30, 2024

For the first nine months of the year 2025 ended September 30, the Company did not consummate any real estate sales as compared also with nil in sales posted for the same period last year. Realized gross profit from sales was Php 69.391 M, as compared with the from Php 200.239 M earned during the same period last year. Total Expenditures for the 9-month period was 7.5 % higher, from Php 186.534 M during the first nine months of last year to Php 200.224 M. Salaries, Bonuses and Employees Benefits incurred was almost the same at the Php 6 M level. The 146 % increase in Taxes, Licenses and Fees was due to the payment of real estate taxes of Primex Tower which was paid in this quarter. Gas & Oil expense was down by 37 % on less utilization of heavy equipments, while Depreciation expense recorded for the first 9 months of 2025 was down by 25 %. Brokers Fees for the 9-month period was down by 51 %, from Php 0.626 M paid for the same period last year to Php0.306 M on account of decreased real estate sales. The 120 % increase in Professional Fees for the 9-month period was due to legal fees charged by law offices on 2 legal cases. Security expense was up by 30 %, from Php 0.798 M of the same period last year to Php1.044 M. due to the additional security personnel at some project sites. Repairs and Maintenance was down to Php 0.361 from Php 7.713 M on minimal repairs of heavy equipment. Miscellaneous expense was up by 40 %, from Php 27.700 to Php 38.025 M on account of insurance premiums of unsold units at the Stratosphere. Interest expense, which was Php 110.432 M during the same period last year, decreased to Php 95.405 M due to the full settlement of one major bank loan. Rental expense was up by 23 % as rental payment for the 4th quarter was paid in advance by the 3rd quarter.

With Total Expenditures incurred during the 9-month period rising by 7.5 % and other income sources recording a 4.6 % increase, from Php 150.596 M to Php 143.492 M, an Income before tax of Php 12.659 M for the first nine months of the year was earned as against the Php 164.300 M earned during the same period in 2024.

Financial Condition

The Company's Balance sheet reflects only a minimal change in Total resources. As of December 31, 2024, total assets stood at Php 5,340.659 M and has since increased minimally to Php 5,374.102 million. Cash on hand, which stood at Php 151.076 M at yearend 2024, was reduced to Php 27.826 M as of September 30, 2025 while Contract Receivables rose by almost 10 % %, from Php 97.118 M to Php 106.282 M due to more sales on installment basis of units at the Primex Tower. Total Liabilities remains basically unchanged at the 3.0 B level.

There are no material events and uncertainties known to management that would impact or change the reported financial information and condition of the company.

PART II – OTHER INFORMATION

There were no other disclosures other than those made under SEC Form 17-C.
