## 1. General Information

### Description of Business

Sun Life Financial Inc. ("SLF Inc.") is a publicly traded company domiciled in Canada and is the holding company of Sun Life Assurance Company of Canada ("Sun Life Assurance"). SLF Inc. and its subsidiaries are collectively referred to as "us", "our", "ours", "we", or "the Company".

Our Interim Consolidated Financial Statements and condensed notes have been prepared in accordance with International Accounting Standard ("IAS") 34 *Interim Financial Reporting* as issued by the International Accounting Standards Board ("IASB"). We have used accounting policies which are consistent with the accounting policies described in our 2024 Annual Consolidated Financial Statements, except as updated in Note 2 below. Our Interim Consolidated Financial Statements should be read in conjunction with our 2024 Annual Consolidated Financial Statements, as interim financial statements do not include all the information required in the annual consolidated financial statements which were prepared in accordance with International Financial Reporting Standards ("IFRS") as issued by the IASB.

## 2. Changes in Accounting Policies

Our material accounting policies and future changes in accounting policies that are not yet effective for us are disclosed in Notes 1 and 2 of our 2024 Annual Consolidated Financial Statements.

### Other Changes in Accounting Policy

We have changed our accounting policy for certain joint ventures to disaggregate insurance finance income or expenses between net income and other comprehensive income ("OCI"). For these joint ventures, insurance finance income or expenses on our insurance contract liabilities were previously recorded through net income, while the corresponding invested assets were previously recorded at fair value through OCI ("FVOCI"). The invested assets and insurance contract liabilities are managed together and presenting insurance finance income or expenses through OCI reduces accounting mismatch. We account for these joint ventures using the equity method of accounting, whereby we recognize our share of net income in Net investment income (loss) in our Consolidated Statements of Operations and our share of OCI in our Consolidated Statements of Comprehensive Income (Loss). The impact of this change is not material to our share of net income or OCI in any individual prior period. We have processed an adjustment to increase opening Retained earnings by \$213 and decrease Accumulated other comprehensive income by \$213 retroactively to January 1, 2024.

## 3. Acquisition

### Bowtie Life Insurance Company Limited

On July 15, 2025, we acquired an additional interest in Bowtie Life Insurance Company Limited ("Bowtie"), which increased our ownership interest, excluding dilution, by approximately 11% and resulted in a total ownership interest of 55.8%. Total consideration was cash of \$55. Our previously held interest in Bowtie was remeasured to its fair value of \$224, which resulted in a pre-tax gain of \$176. The gain was recognized in Net investment income (loss) on the Consolidated Statements of Operations.

Bowtie is a Hong Kong-based virtual insurer with a prominent position in medical insurance, and will form part of our Asia business segment. The acquisition reinforces our long-term partnership with Bowtie, and is aligned with our strategy to enhance insurance accessibility.

The fair values of the identifiable assets and liabilities acquired were:

<sup>(1)</sup> Goodwill primarily reflects the expected growth of the business. Goodwill is not tax deductible.

<sup>(2)</sup> We have elected to measure Non-controlling interests ("NCI") at fair value for this acquisition.

We have a contractual obligation to purchase existing equity from Bowtie's management, employees, and existing shareholders within six months of the acquisition date. A \$14 liability, measured at fair value, was recognized in Other liabilities and offset by a reduction to Retained earnings.

## 4. Segmented Information

We have five reportable business segments: Canada, United States ("U.S."), Asset Management, Asia, and Corporate. These business segments operate in the financial services industry and reflect our management structure and internal financial reporting. Asset Management includes the results of our MFS Investment Management ("MFS") and SLC Management business units. Corporate primarily includes our Corporate Support operations, which have investment income, expenses, capital, and other items not allocated to our other business groups.

Revenues from our business segments are derived primarily from life and health insurance, investment management and annuities, and mutual funds. Revenues not attributed to the strategic business units are derived primarily from Corporate investments and earnings on capital.

The expenses in each business segment may include costs or services directly incurred or provided on their behalf at the enterprise level. For other costs not directly attributable to one of our business segments, we use a management reporting framework that uses assumptions, judgments, and methodologies for allocating overhead costs and indirect expenses to our business segments.

Intersegment transactions consist primarily of internal financing agreements which are measured at fair values prevailing when the arrangements are negotiated. Intersegment investment income consists primarily of interest paid by U.S. to Corporate. Intersegment fee income is primarily asset management fees paid by our business segments to Asset Management. SLC Management collects fee income and incurs the operational expenses associated with the management of the general fund assets. Intersegment transactions are eliminated in the Consolidation adjustments column in the following tables.

Management considers its external Clients to be individuals and corporations. We are not reliant on any individual Client as none is individually significant to our operations.

Each CLO is a special purpose vehicle that owns a portfolio of investments, consisting primarily of senior secured loans, and issues various tranches of senior and subordinated notes to third parties for the purpose of financing the purchase of those investments. Assets of the special purpose vehicle, the senior secured loans, are included in Other financial invested assets and the associated liabilities, the senior and subordinated notes issued to third parties, are included in Other liabilities in our Consolidated Statements of Financial Position.

As at September 30, 2025, the carrying value of the assets related to CLOs are \$6,305 (December 31, 2024 — \$5,356), which consists of cash and accounts receivable of \$805 (December 31, 2024 — \$679) and loans of \$5,500 (December 31, 2024 — \$4,677). (1) Included in Net investment income (loss) in our Consolidated Statements of Operations for Total invested assets measured at fair value.

(2) Total gains and losses in net income (loss) and OCI are calculated assuming transfers into or out of Level 3 occur at the beginning of the period. For an asset or liability that transfers into Level 3 during the reporting period, the entire change in fair value for the period is included in the table above. For transfers out of Level 3 during the reporting period, the change in fair value for the period is excluded from the table above.

(3) Investment properties included in net income is comprised of fair value changes on investment properties of \$(94) and \$(141) for the three and nine months ended September 30, 2025, respectively (September 30, 2024 — \$(17) and \$(285), respectively), net of amortization of leasing commissions and tenant inducements of \$9 and \$28 for the three and nine months ended September 30, 2025, respectively (September 30, 2024 — \$22 and \$41, respectively). As at September 30, 2025, we have used assumptions that reflect known changes in the property values including changes in expected future cash flows.

(4) Transfers into Level 3 occur when the inputs used to price the assets and liabilities lack observable market data, and as a result, no longer meet the Level 1 or 2 definitions at the reporting date. Transfers out of Level 3 occur when the pricing inputs become more transparent and satisfy the Level 1 or 2 criteria and are primarily the result of observable market data being available at the reporting date, thus removing the requirement to rely on inputs that lack observability.

(5) Foreign currency translation relates to the foreign exchange impact of translating Level 3 assets and liabilities of foreign subsidiaries from their functional currencies to Canadian dollars.

## 9. Income Taxes

The Company's effective income tax rate is generally lower than our statutory income tax rate of 27.8% due to various tax benefits, such as lower taxes on income subject to tax in foreign jurisdictions and a range of tax-exempt or low-taxed investment income.

Our effective income tax rate for the three and nine months ended September 30, 2025 was 18.0% and 19.1% compared to 13.1% and 17.8% for the three and nine months ended September 30, 2024. The effective income tax rate for the three and nine months ended September 30, 2025 was higher than the effective income tax rate for the three and nine months ended September 30, 2024, primarily due to lower tax-exempt or low-taxed investment income, which is partially offset by lower Global Minimum Tax ("GMT") expense in 2025.

In our Consolidated Statements of Operations, Income tax expense (benefit) has the following components:

|                                       | For the three months ended |                      | For the nine months ended |                      |

| Deferred income tax expense (benefit) | (101)                      | (124)                | (151)                     | (184)                |
| Total income tax expense (benefit)    | \$ 260                     | \$ 215               | \$ 700                    | \$ 668               |

The IASB issued amendments to IAS 12 *Income Taxes* in May 2023, which provided a mandatory temporary exception to the recognition and disclosure of information about deferred taxes relating to GMT, and we have applied this temporary exception. Our deferred taxes will not reflect impacts of GMT while the mandatory exception is applicable. The GMT rules applied to us effective January 1, 2024. The Canadian GMT legislation requires the ultimate parent entity of a group to pay top-up tax, on a jurisdiction-by-jurisdiction basis, on profits of its subsidiaries that are taxed below 15%. Some jurisdictions have enacted a Qualifying Domestic Minimum Top-Up Tax ("QDMTT") which requires the GMT top-up tax to be paid in the local jurisdiction rather than to the ultimate parent entity's jurisdiction. In response to the GMT rules, Bermuda enacted a Corporate Income Tax ("CIT") regime, including a corporate income tax rate of 15%, which applies to us effective January 1, 2025. The Bermuda CIT is not a QDMTT for the purposes of GMT. Top-up tax may still be payable by the ultimate parent entity under the Income Inclusion Rule, depending on the effective tax rate in Bermuda. Our other subsidiaries that are currently subject to a statutory tax rate or to a tax regime that could result in taxing profits at a rate below 15% include those in Hong Kong and Ireland, which have both enacted a QDMTT. Current income tax expense (benefit) for the three and nine months ended September 30, 2025 includes GMT income tax expense of \$20 and \$13. (September 30, 2024 — \$34 and \$64).

## 10. Capital Management

### 10.A Capital

Our capital base is structured to exceed minimum regulatory and internal capital targets and maintain strong credit and financial strength ratings, while maintaining a capital efficient structure. We strive to achieve an optimal capital structure by balancing the use of debt and equity financing. Capital is managed both on a consolidated basis under the principles that consider all the risks associated with the business, as well as at the business group level under the principles appropriate to the jurisdiction in which each operates. We manage the capital for all of our international subsidiaries on a local statutory basis in a manner commensurate with their individual risk profiles. Further details on our capital, and how it is managed, are included in Note 20 of our 2024 Annual Consolidated Financial Statements.

Sun Life Assurance, SLF Inc.'s principal operating life insurance subsidiary in Canada, is also subject to the LICAT guideline. As at September 30, 2025, Sun Life Assurance's LICAT ratio exceeded OSFI's minimum regulatory target; as well as OSFI's supervisory target applicable to operating life insurance companies.

In the U.S., Sun Life Assurance operates through a branch which is subject to U.S. regulatory supervision and it exceeded the levels under which regulatory action would be required as at September 30, 2025. In addition, other subsidiaries of SLF Inc. that must comply with local capital or solvency requirements in the jurisdiction in which they operate maintained capital levels above minimum local requirements as at September 30, 2025.

On August 29, 2023, we launched a normal course issuer bid (the "NCIB") to purchase up to 17 million of our common shares, which expired on August 28, 2024. We renewed the NCIB to purchase up to 15 million of our common shares which commenced on August 29, 2024 and, was in effect until June 6, 2025 (the "2024 NCIB"). We repurchased approximately 14.4 million common shares under the 2024 NCIB. In June 2025, we renewed the NCIB to purchase up to 10.6 million common shares (the "2025 NCIB", and together with the 2024 NCIB, the "NCIBs"), representing an additional 10 million common shares approved by OSFI and the Toronto Stock Exchange (the "TSX"), and the remaining approximately 0.6 million common shares that we had not repurchased under the 2024 NCIB. The 2025 NCIB commenced on June 9, 2025 and will continue until, at the latest, May 21, 2026.

We implemented an automatic repurchase plan with our designated broker in order to facilitate purchases of common shares under the NCIBs. Under the automatic repurchase plan, our designated broker is able to purchase common shares pursuant to the NCIBs at times when we ordinarily would not be active in the market due to applicable securities laws or self-imposed blackout periods. Any common shares purchased by us pursuant to the NCIBs will be cancelled or used in connection with certain equity settled incentive arrangements.

For the nine months ended September 30, 2025, we purchased and cancelled an aggregate of approximately 16.0 million common shares (September 30, 2024 — 8.5 million common shares) at an average price per share of \$81.81 (September 30, 2024 — \$71.00) for a total amount of \$1,315 (September 30, 2024 — \$606) under the NCIBs and incurred tax on net repurchases of equity of \$25 (September 30, 2024 — \$12). The total amount paid to purchase the shares pursuant to the NCIBs and the tax incurred is recorded in our Consolidated Statements of Changes in Equity. The amount allocated to Common shares is based on the average cost per common share and the amount paid above the average cost is allocated to Retained earnings.

## 15. Legal and Regulatory Proceedings

We are regularly involved in legal actions, both as a defendant and as a plaintiff. Legal actions naming us as a defendant ordinarily involve our activities as a provider of insurance protection and wealth management products, as an investor and investment advisor, and as an employer. In addition, government and regulatory bodies in Canada, the U.S., the United Kingdom, and Asia, including federal, provincial, and state securities and insurance regulators, tax authorities, and other government authorities, from time to time, make inquiries and require the production of information or conduct examinations or investigations concerning our compliance with tax, insurance, securities, and other laws.

Provisions for legal proceedings related to insurance contracts, such as for disability and life insurance claims and the cost of litigation, are included in Insurance contract liabilities in our Consolidated Statements of Financial Position. Other provisions are established outside of the Insurance contract liabilities if, in the opinion of management, it is both probable that a payment will be required and a reliable estimate can be made of the amount of the obligation. Management reviews the status of all proceedings on an ongoing basis and exercises judgment in resolving them in such manner as management believes to be in our best interest.

Our significant legal proceedings and regulatory matters are disclosed in Note 22.G of our 2024 Annual Consolidated Financial Statements. There have been no significant updates to such legal and regulatory proceedings.
